// **Overview**

Take advantages of programming skills & experience to become a professional developer and bring a lot value to customers. From that, I will contribute to development of ViTPR Company.

I'm a qualified engineer, and my specialty is web development, with a focus on opensource software industry.

More than 6+ years of experience with Web Developer. Always available and chat very fast, response immediately, easy to community.

Always think as the customer, optimise the code, speed, and try my best to save the time and money for you. Looking for long time relationship - not just work.
